

## BAMBOO INTERNATIONAL SCHOOL

Playing to Learn, Learning to Play

### WHO WE ARE

Bamboo International School is a Chinese Immersion School that offers a culturally diverse education that greatly benefits children, their families and the community. Research has proven that children who participate in language immersion programs reach higher levels of language proficiency. This exposure to the Chinese culture and language provides unique opportunities for higher education and future career choices in our increasingly sophisticated world.

### What We Do

Our mission is to provide a culturally rich experience by introducing the Chinese language and traditions to the American Culture. Children are naturally curious and we believe that preschool is the ideal time to teach this challenging language along with the academic and social skills necessary for kindergarten. We encourage students to Play to Learn and Learn to Play through music, art, games, songs, stories and other engaging activities that will ensure every child is fully prepared to enter elementary school with confidence and knowledge.

### All are Welcome

We welcome and embrace all students and their families, regardless of race, color, national and ethnic origin. Bamboo International School is for all families who want to their children to be cared for in a warm, loving, family-oriented environment that is focused on cultural diversity and preparation for kindergarten.

## Hours of Operation

Office hours are 9am-5pm

Classroom hours are 7: 30am – 6:00pm. Please be prompt in picking up your children.

A Late Pick Up Fee will be charged after 6:01pm and all accumulated Late Pick Up Fees will be added to the following month's tuition and must be paid in full by the 1st of the month.

## Signing In and Out

Parents are responsible for signing children in and out. This procedure is extremely important for attendance records and safety measures in emergencies. There is a sign in/sign out sheet posted near the entry door. Please write your child's name and the time they are dropped off and picked up along with your signature.

## Security System

A child will be released to parents and only those adults identified by the parents as authorized to pick up their child. We will release the child to an authorized person only through notification in writing from the child's parent. Proper I.D. must be given before the child is released.

The doors to the center are kept locked at all times in order to limit access and to keep children from exiting ahead of supervisors/parents. The front door has a keypad that will, when a code is entered, open the lock. When you enroll your child, you will be given the number combination to enter into the keypad for independent entry. Please do not give out the entry code to others who are authorized to pick up your child.

## Emergency Contacts

Your emergency contacts listed on your emergency card WILL be contacted in the event that you are unable to be reached. Please adhere to the following policies:

1. At least one contact who can physically get a hold of you if we cannot reach you by phone - a coworker, your boss, the receptionist at your work or a neighbor at home. It is vital to list someone who can find you personally and inform you that your child's school is trying to contact you.

## Immunizations

The Office of Child Care Licensing requires each child to have a current immunization record in their student file. This must be received within 30 days of your child's first day of attendance and will need to be updated annually or when new immunizations are administered.

## Guidance and Discipline Policy

Children must learn to respect themselves, others and the environment around them. Clear limits are set in the classroom and each child will be gently guided and corrected so they can learn acceptable behavior. Children are encouraged to solve problems on their own but not without the helpful guidance of a teacher. Teachers will use age appropriate and constructive methods of discipline such as: a verbal intervention, redirecting or removing a child from the situation if necessary. Time outs are rarely effective and seldom used in the classroom. Redirection, natural consequences and loss of privileges are most effective for young children. For example: toys that are thrown are confiscated for the rest of the day. A method of discipline which frightens, demean, or humiliate a child is strictly prohibited.

Parents are notified verbally and in writing regarding disciplinary action taken by the teacher for a child's behavior.
